PIMPLES ON FACE.

Very Large, Itched Badly. Suffered Terribly. Used Cuticura Soap and Ointment. Entirely Cured Now.

411 Howard St., Dayton, Ohio, -About a year ago my face, neck, arms and back were beginning to become afflicted with pimples and blackheads. My pimples would get very large and appear to come to a head. If I tried to open them the pain would be terrible, but nothing could be taken from them. They itched very badly; I suffered terribly from itching. After scratching, the pimples would swell and after the swelling was gone my face would become very red and remain so for some time. My clothing caused the itching to be worse. When it wimpossible to sleep. When it was warm it was utterly

"I used a cream and the more I used the worse they got. Shortly after I read the advertisement of Cuticura Soap and Ointment and determined to use them. I bathed the pimples every night in warm water using Cuticura Soap, after which I would apply the Cuticura Ointment. In the morning I would wash it off with Cuticura Soap and again apply the Cuticura Ointment. The itching stopped almost immediately. This was about three months ago and I am entirely cured now." (Signed) Miss Marguerite E. Jacobs, Jan. 13, 1913.

Why not have a clear skin, soft white hands, a clean scalp and good hair? It is your birthright. Cuticura Soap with an pecasional use of Cuticura Ointment will bring about these coveted conditions in most cases when all cise falls. A single set is often sufficient. Sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card Cuticura, Dept. T. Boston.

Bar Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

A Merry Christmas to All

Today--with the advent of Christmas--let us say just a few words apropos of the Holiday Season.

At the closing time last night we completed the greatest Chris'mas business in our history--a business vastly greater than even we had hoped to attain.

Today we look back over the past with a feeling of special pride and satisfaction in reasizing that the public has shown such marked preference for this store in according it such liberal patronage-making possible this New and Greater Paris Store.

We who make up this store's organization cannot but feel that it is no small thing to possess in such large measure the confidence and generous good will of this community.

In the past weeks we have all of us tried to show appreciation of this confidence by giving the sort of good service and he pfulness which old friends and patrons expect-yes, by even a little better service than any one expected from a store that had so much to do as we have had during the Holiday rush.

To our own store folks, who have done so nobly and labored so cheerfully and earnestly in the strain of the Yuletide rush, the Holiday will bring a sense of something well done that was well worth doing.

To our public, who have done so much in appreciation of our storekeeping and its service, we feel that to pay what we owe, will keep us busy pushing this store even further along the road of progress; and as the Christmas milestone passes, we take a new grip of things and make a promise that 1914 shall provide a measure of usefulness and service here, still greater and better than in the past.

Again we wish you one and all--to our own store people no less than to our generous public,

A Very Merry Christmas

Out-of-Town

What is considered to be one of the best programmes yet presented by the society has been arranged for the seventh annual convention of the Utah Academy of Sciences, which begins its sessions on Friday, December 26. In the chemistry lecture room of the University of Utah. Many of the best-known scientists in the state, comprising members of the University of Utah faculty, the Brigham Young university at Provo and the Agricultural college at Logan will discussivatious plasses of recent scientific development. In addition to the local doctors, prominent scientists of the southwest will also contribute their part to the general success of the occasion. The meetings are open to the public and a large audience seems assured for each session of the convention.
